World Press Party 175 Strong Reach Maui In Morning

Committee Will Welcome Visitors Aboard Ship, Public Asked to be at Wharf; Elaborate Entertainment Plans.

There are about 175 in the Press Congress party which will reach Maui tomorrow morning. William Walsh, chairman of the sub-committee on arrangements, received a wireless from Worth O. Aiken this morning in which the Maui representative on the trip said there are that number on the Matsonia and "Maui must wake up to equal the Hilo showing."

From Europe, Asia, North and South America and from Australia and New Zealand will come visitors to Maui tomorrow, the World's Press Congress party, chiefly from the United States, naturally. The first day of their visit will be devoted chiefly to gathering information relative to the resources of the islands for the exhibits at the Fourth Maui County Fair but the second will be a busy one for visitors and hosts alike with its long automobile rides, luau and swimming meet.

Welcome is to be extended to the visitors on their arrival tomorrow morning by a committee which should be at Claudine wharf not later than 8:30 to board the steamer when it is moored in the harbor. The committee is composed of H. B. Penhallow, president of the Maui Chamber of Commerce; chairman Senator Harry A. Baldwin; D. C. Lindsay, director of the fair; Chairman S. E. Kalama of the board of supervisors; William Walsh, Worth O. Aiken, Judge L. L. Burr, C. D. Lufkin, J. P. Foster, M. R. Pereira, V. A. Vettesen, F. P. Rosecrans, C. C. Campbell, W. A. Baldwin, W. E. Bevins, D. H. Case, E. W. D. Baldwin, Ralph Wilson, Senator A. F. Tavares, Representative P. J. Goodness, Representative L. Ben Kaueheiva, N. K. Otsuka, Dr. J. Y. Ting, Rev. Augustine Jones, Rev. George H. DeKay, Rev. J. C. Villiers, Supervisor D. T. Fleming, George L. Keeney, Rev. K. C. Kondo, Alexander Valentine, Joseph H. Gray, chairman of the Maui Press Congress committee, J. Garcia, Mrs. David Wadsworth, Mrs. C. C. Campbell, Mrs. Caleb Burns, Mrs. E. F. Deimert and Mrs. W. A. Baldwin.

There will be a brief address of welcome and the visitors will come ashore to take autos to the Fair. Sunday morning at 9 o'clock volunteer drivers with their cars will be at Claudine wharf prepared to start (Continued on Page Nine.)

Hilo Cordial Host To Press Congress

(ASSOCIATED PRESS)

HILO, Oct. 14.—After a scenic trip along the island's coast visitors from the world's press congress were entertained at luncheon which was also attended by leading citizens of Hawaii and then departed for the Volcano where they spent last night. They will return about noon today. There was a big banquet in their honor at the Volcano House last night.

Visitors are marveling at the spectacles that have met their eyes, the day was perfect, the night glorious with a full moon adding to the charm. The party did not retire until a late hour despite a busy and exciting day. Another busy day is outlined for today with a banquet followed by a program arranged by the Japanese tonight.

Liberty House Wins Customers With Its Display at Grand

Women of Maui who have called at the Grand Hotel to see the display of the Liberty House there are hearty in their praise of the offerings that Mrs. Marion Drake, of the mail order department of the house brought to Maui. Mrs. Drake is equally pleased with the business she has done for her firm. She will close her store and leave for home tomorrow evening.

There is much to attract in the display that is presented and not least of the attraction is the prices for which the goods are offered. It is refreshing to find island concerns that have receded far below war time prices. The goods are all new, fresh from the shelves of the home store, not shop worn articles. There are charming little evening and afternoon dresses, waists, sweaters, lingerie and other articles that delight the fair sex and the bargain prices in silk hosiery have been a pleasing surprise.

When Mrs. Drake is not able to fill demands on the spot, she takes orders for the wants of patrons and gives her especial attention to the filling of such orders.

Danger of General Railroad Strike Is Made More Serious

(ASSOCIATED PRESS)

CHICAGO, Oct. 14.—Authorization has been given by the railroad labor board to the railroads to open negotiations with the unions for the restoration of "piece work" which was barred to the shop crafts under the national agreement entered into by the late rail administration.

This decision is said to have rendered the railroad situation more acute. Railroad executives are jubilant and union leaders fear the effect upon their men of whom more than 80 per cent have already voted to strike rather than accept further wage reductions or the institution of rules which they oppose.

Railroad executives meeting here are confronting a railroad strike that may be precipitated by wage reductions on the one hand and shippers' demands for lower rates on the other. They declare that transportation charges can be reduced only in proportion to further wage reductions and say that the wage reduction of 12 percent ordered by the board in July served only to stave off bankruptcy.

Warren Stone, grand chief of the brotherhood of locomotive engineers, has requested a conference with the railroad executives on behalf of the six big railroad unions which have voted to strike and the executives are considering the proposal.

Mrs. Southard Wins Important Point in Case by Court Rule

(ASSOCIATED PRESS)

TWIN FALLS, Oct. 13.—Mrs. Southard's defense won an important victory today in the murder trial in progress here when the court temporarily rejected evidence offered by the prosecution on facts and circumstances surrounding the deaths of three of the former husbands of the defendant other than Meyers for whose death she is now on trial. The victory may be only a temporary one, however, for the court will allow the question of admissibility of such evidence to be raised later. Unless such evidence is finally admitted the prosecution will probably rest its case next Thursday. If admitted, it will probably continue on for a week longer.

The defense will call several physicians to whom will be propounded hypothetical questions for expert testimony.

Decline of Mark Is Climax of Greatest Speculative Wave

(ASSOCIATED PRESS)

NEW YORK, Oct. 13.—Speculation in the German mark in the United States since the armistice has reached an unprecedented point, according to international bankers here.

Thousands of persons in all walks of life, hoping to get rich quick, it was stated, have invested heavily in the German currency, which recently collapsed to a point below one cent for the first time in financial history. The buying first started in the midsummer of 1919, when the mark whose pre-war value was 23.8 cents was selling at 7 3/4 to 8 cents apiece. New York appeared to be the distributing center. Banks and foreign exchange houses were flooded with orders from small investors. Small foreign exchange houses sprang up on prominent corners, cigar stores and other business houses began to do a flourishing business in the mark.

While the wave of mark buying was at its height, peddlers hawked the German paper on the streets and one distributor is known to have made a house to house canvass. Bankers said this buying continued as the value of the mark declined, when the German industrial recovery failed to materialize as quickly as the "get rich quick" investors had expected. Some weeks ago when the German paper began to hit new low levels, many of the small investors as well as others began to "cash in" and they are believed to have taken hundreds of thousands of dollars in losses.

Many of the speculators, however, bankers assert are holding their marks for a new rise and are buying the currency at the new low rates and equalizing their losses. But the wave of buying has been greatly checked, they declared.

While bankers are reluctant to discuss the probable outcome of these speculations, they declare, however, only a readjustment of reparations payments, improvement in Germany's economic situation, or the extension of commercial credits to German manufacturers for raw materials, will bring about an improvement in the value of marks.

Wage Reduction Found Necessary

Sugar Planters Announce Cut in Basic Pay of Unskilled Workers and Explain Crisis Demands It.

(ASSOCIATED PRESS)

HONOLULU, Oct. 14.—Reduction of the basic wage for the lowest grade of unskilled field labor is announced by the Hawaiian Sugar Planters' Association.

The new basis is \$26 instead of \$30 monthly with the elimination of the present five percent bonus. To offset the decreased pay and the bonus cut the turnover required is made 26 days and the planters say with the bonus for such turnover it is possible for the unskilled worker to make his wage \$1.10 a day with the same perquisites as to house, water, hospital and medical attendance as heretofore.

The profit sharing bonus is contingent on the price of centrifugal sugar as heretofore, also.

It is proposed that the basic wage for women workers of the same class shall be \$19.50 with their share in the bonus contingent on 15 days work in the month.

Explaining the cut the Planters' Association declares that the sugar industry is facing a crisis and that all plantations are operating under heavy losses but that the cane fields will not be abandoned in the face of such losses because of the heavy cost and the time that would be necessary for their reestablishment later.

HOUSE REAPPEARS

(ASSOCIATED PRESS)

WASHINGTON, Oct. 14.—Col. E. M. House, one time "personal representative" of former President Wilson, who, so far as known had not seen Wilson since their reported differences at the Paris peace conference, called at the Wilson residence yesterday and left cards.

Recommendations on Upper Silesia Made

PARIS, Oct. 13.—Recommendations of the council of the league of nations for the settlement of the Upper Silesian question have been received by Poland and will be transmitted to the allies and also, as a matter of courtesy, to the United States. The recommendations will not be made public until views upon them have been exchanged.

BERLIN, Oct. 13.—Resignation of the German cabinet is believed to be impending if press reports of the decision of the council of the league of nations recommendations on the Upper Silesian question as confirmed by the official text which it was expected would arrive this afternoon. The cabinet would face a crisis if German towns were separated from the country by the league of nations.

Miss Muriel Duncan Is Fairtime Bride

One of the prettiest weddings of the season was that of Miss Muriel Duncan to Lieutenant Linton Herndon, which took place at the home of the bride's parents at Kahului, Maui, on October 12th. The ceremony was performed by the Rev. E. E. Pleasant and the bride was given into her husband's keeping by her father, Mr. Harry K. Duncan.

The bride wore an exquisite white brocade satin gown entrain. The long tulle bridal veil was fastened to her hair with a wreath of orange blossoms and she carried a shower bouquet of white roses.

The bride's only attendant was Miss Winifred Weddick, who was gown in a pale pink organdie and carried a shower bouquet of pink roses.

The groom was attended by Lieutenant William Forrester. The house was tastefully decorated in pastel-colored flowers, which carried out the color scheme of the bride's attendant.

Following the ceremony a reception was held. After congratulations were received by the bride party refreshments were served and dancing was a feature of the evening.

The bride and groom proceeded to Honolulu where they took a steamer to the Orient to spend their honeymoon touring the Far East. After their return from the Orient, Lieutenant and Mrs. Herndon will make their home in the Capital City.

The bride indulged in the old fashioned habit of throwing her bouquet, which was caught by Miss Whildren Kinney.

The groom is a graduate of Annapolis and the son of Mr. and Mrs. P. L. Herndon of Washington, D. C. A feature of the wedding worthy of mention is that some guests arrived by army planes, some by sea planes, some by submarines and some on Eagle boats.

Maui News Scores Hit with Paper Printed at Fair

World news of the day and evening printed on a press in the Fair grounds and distributed free to Fair visitors in the Commercial Building and in the grand stand was the achievement of Maui Publishing Company and Maui News yesterday. Two editions were run off in the Maui Publishing Company's booth, telling of the results of the last two games in the world's series, the death of Senator Knox, the meeting of America's delegation to the conference on limitation of armaments, the Southard trial, Secretary Brown of the Territory taking office, Ku Klux Klan investigations and more than a dozen other "news stories" the Associated Press of Wednesday night and yesterday.

Tomorrow there will again be two editions of the little paper, printed in the Fair Grounds, one in the afternoon and one in the evening, distributed free. The Associated Press reports of Friday night and of Saturday will be printed in those editions. All that is necessary to get up to the minute news of the world is to call at the Maui Publishing Company booth and ask for one, if one be not handed to you in the grandstand.

SHIPBUILDER DIES

(ASSOCIATED PRESS)

SA FRANCISCO, Oct. 14.—Bob Tyson, president of the Bethlehem ship building company, died last night at the age of 53 years.

FASTEST FISHING BOAT

(ASSOCIATED PRESS)

GLOUCESTER, Mass., Oct. 14.—The schooner Elsie of Gloucester won the title of fastest New England fishing boat today by defeating four other contenders over a forty mile course. Her time was 5 hours, 14 minutes, 32 seconds and she qualified as the American contender in the international match against a Canadian representative which will be sailed off Halifax October 22.

Means Are Suggested To Relieve Idleness

(ASSOCIATED PRESS)

WASHINGTON, Oct. 14.—Adjournment of the conference on unemployment came yesterday after its adoption for the present of temporary and permanent workers emergency measures which include the establishment of community employment agencies, suggestions for the institution of systems of part time work, increased clean up work, expedition in the filling of orders and the prompt passage of railroad funding legislation.

WASHINGTON, Oct. 13.—The manufacturers committee of the unemployment conference has presented a report which contains divergent views on the subject of economical readjustment. The majority of the committee is in favor of several measures of wide-sweeping importance including the repeal of the Adamson eight hour law and its report denounced any group seeking in its own interests "economical adjustments." The minority group, led by Gompers, emphasized that "No policy of wage reductions must be advocated."

FIGHT PROHIBITED

(ASSOCIATED PRESS)

WICHITA, Kas., Oct. 14.—The attorney general has issued orders prohibiting the 15 rounds bout between Mike O'Dowd and Mike Gibbons that was scheduled to be fought next Tuesday.

Both fighters have been training here.

BRITISH UNEMPLOYMENT

(ASSOCIATED PRESS)

LONDON, Oct. 13.—Thousands of England's unemployed today escorted their delegates to the house of Premier Lloyd George to demand "work or maintenance at union wages and uniform calls for relief." The premier received the deputation.

CONVICTED OF MURDER

(ASSOCIATED PRESS)

REDWOOD CITY, Oct. 14.—William Hightower was found guilty by the jury which reported this morning of murder in the first degree for the killing of Rev. Fr. Patrick Heslin, a Catholic priest of Colma, California. The jury recommends a sentence of life imprisonment.

TOWN DESTROYED

(ASSOCIATED PRESS)

FORT WORTH, Texas, Oct. 13.—Advices from South Bend say that fire practically wiped out the oil town of Elville in Young County and that only four or five buildings in its business district were not destroyed.

Speaker Holstein Out To Succeed Kuhio as Delegate to Congress

Speaker Henry Lincoln Holstein of the Territorial Legislature who is here from Kohala with Mrs. Holstein attending the County Fair and the house guest of Mr. and Mrs. S. E. Kalama, is much talked of candidate on the republican ticket for delegate to congress next election.

Prince Kuhio as everyone knows will not be a candidate, the delegate having served 20 years, about as long as a time as Speaker Holstein served in the Hawaii legislature is looking forward for retirement and a well earned rest.

If the speaker is selected it would be only a transfer from one branch of the people's forum to another, he says, and it would be adding another leaf to Maui's history as he was reared and educated in Maui when Uluakua as a sugar plantation in the early 70's employed his father as forester and chemist.

IRISH CONFERENCE

(ASSOCIATED PRESS)

LONDON, Oct. 14.—The conference between British government and Irish representatives reconvened this morning disposing of the reports that were in circulation after yesterday's session that the Irish delegates were going home and would not return.

Today's session lasted for two and a half hours and an adjournment was taken until next Monday.

Navy Wireless May Be Used to Broadcast News of Conference

(ASSOCIATED PRESS)

WASHINGTON, Oct. 14.—The navy wireless may be used to disseminate the news from the conference on limitation of arms which will open on Armistice day if recommendations of some of the high administration officials are accepted.

Details for the transmission of the news overseas are still to be worked out by the state department but suggestions for the use of the navy to supplement that of the commercial wireless and cable systems will probably receive serious consideration. Another suggestion that the conference shall send broadcast a daily official resume through the naval radio system will also probably have consideration.

(ASSOCIATED PRESS)

SAN FRANCISCO, Oct. 14.—A Peking despatch to the New World, a local Chinese publication, says that Foreign Minister Yen is as yet undecided whether or not he will attend the Washington conference because he is busy with Japan in negotiations for the return of Shantung which question may be settled before the conference.

Prohibition Officers Would Stop Making of Home Brew

(ASSOCIATED PRESS)

WASHINGTON, Oct. 14.—Prohibition Commissioner Haynes announces that prohibition agents will be directed to use every possible effort to check the manufacture of beer in homes and in that direction to check the sale of the ingredients and apparatus required for home brewing.

Prohibition enforcement officers last night raided stores in Washington where were sold malt, hops, fruit sugars and bottling apparatus.

Electricity Plant Draws Attention As It Works at Fair

Hundreds of visitors in the Commercial Building at the Fair yesterday paused for a moment at the Hurd-Pohlmann booth and then lingered there, thoroughly interested in the fine exhibit which the progressive Honolulu house has installed. Things that work electrically are always interesting and when the electricity is generated right on the spot still greater interest is added.

One of the chief features of the Hurd-Pohlmann exhibit is the Kohler Automatic exhibit and light outfit, one of the most inexpensive and cheaply operated outfits that has ever been seen on Maui and one that can be profitably introduced into many a shop and on many a ranch. It is operating a number of J. D. Wallace bench machines including a band saw circular saw and a "jointer" (steel planer).

Another interesting article on display and in operation is the Hobart Kitchen Aid Mixer. It mixes dough and other things, chops meats and is almost human in its usefulness in the kitchen. Other Hobart utensils are the meat chopper and coffee grinder. Hurd-Pohlmann are agents for the Toledo Scales which are also included.

First Day of Maui County Fair Shows Success Achieved

All Departments Praised by Visitors as Excelling Anything of the kind Heretofore Achieved on Maui.

Maui's Fourth County Fair opened to visitors yesterday morning with every exhibit department improved over the splendid showing of last year which means that in respect the Fair is the best that has ever been attempted on Maui. When the gates swung open every exhibit, practically was in place, it was not long before the judges got busy and in most buildings awards were pretty well distributed early in the afternoon.

In the Agronomy building there is a remarkable display of luscious fruits and splendid vegetables, more than twice the space of last year being devoted to such exhibits. The alligator pears, papayas, mangoes and other island fruits are especially choice and awakened general admiration.

In the floral exhibits building the displays of ferns and potted plants was a choice one while the cut blossoms easily surpassed those of any previous year. There are new displays of cut blooms each day which multiplies the interest in that department. Today there is a competition of leis which will bring out large numbers of entries and tomorrow will be hibiscus day. Hundreds upon hundreds of different varieties of Hawaii's typical flower will be shown. One of the features of the building is a Silver Sword planted in a large calibash, brought down from the summit of Haleakala especially for display at the Fair.

The Hawaiian exhibit in the Territorial Building is large, comprehensive and well arranged. The display of calabashes, ancient stone utensils and other relics would do credit to a museum. There is a small grass house and the lauhala work and tape is a worthwhile showing.

In the poultry department there is a larger and classier lot of birds than has ever been brought together in any of the islands in any show. Splendid improvement in breeds is shown and there have been some very choice importations recently.

Livestock, the Maui News has not yet looked over.

A night the Fair Grounds with the new lighting system becomes a veritable Fairyland and the buildings light up with a remarkable beauty. In some ways the evening is the more attractive time to view the fair and last evening the crowd which had been growing steadily through the day reached its largest proportions.

Last night's entertainment, "A Night in Jazzland" made a hit with the crowd and the boxing matches that were a free show after the program were well contested and furnished the best sport of the kind ever seen in the Valley Isle.

Items of the day's sports program appear elsewhere in this issue.

Two States Find Number Of Involuntary Idle Less

(ASSOCIATED PRESS)

CHICAGO, Oct. 14.—Unemployment in this state is on the decrease, a survey of the various cities of Illinois shows. Construction work is declared to be back in full swing, railroads are reported as increasing their forces and extensive municipal improvements are being made.

Associated Press reports from Milwaukee received this morning said that the survey of unemployment conditions in Wisconsin showed that the number of involuntary idle had decreased in the past few weeks from 50,000 to 40,000.

Bolshevik Russia Offers Its Services as Mediator

PEKING, Oct. 14.—In a statement issued by the Official Soviet Rosta, new agency, Bolshevik Russia offers to mediate between China and the Mongolian republic. The agency made public a note from Moscow to the Mongolian revolutionary government, controlling outer Mongolia under the military auspices of Moscow, saying that the Soviet commercial delegation en route to Peking will act as mediator.

It is believed that Peking is not disposed to accept the offer.
